G. S. College of Commerce, Wardha (Autonomous)
Direction No. 6 of 2025

Relaxation of ATKT Rules for Admission to MBA Part-II for the Academic Session
2025-2026

G. S. College of Commerce, Wardha has been granted autonomy by the University Grants Commission (UGC) and the RTM Nagpur University, Nagpur, from the session 2024-2025 and the college has been implemented New Education Policy-2020 as per the GR dated 20-04-2023 and 16-05-2023.

From the academic session 2025-2026, the MBA program at the college has undergone significant changes in its syllabus. The college will admit first-year MBA students under the newly introduced syllabus and examination scheme which has been duly approved by the Academic Council of the college.

Therefore, to prevent academic loss for the students of MBA the college has decided to implement the Carry-On scheme for them. The college wishes to design a Carry-On scheme for the students of MBA who were admitted in the session 2025-2026 and have either failed or not received the ATKT. This academic year 2025-2026, the college will conduct regular classes for second-year students of MBA but those who fail or do not meet the ATKT requirements will not be admitted to the second year and consequently, the college will be unable to conduct second-year classes for these failure students in the following year.

As an autonomous institution, G. S. College of Commerce has the authority to design and implement its own admission and examination process. Accordingly, under the autonomous syllabus, students who failed in their first year during the session 2024-2025 or in earlier sessions will be allowed to continue to the final year (MBA Semesters III & IV) under the Carry-On scheme in the academic session 2025-2026 only.

Therefore, the following Carry-On Scheme shall be operative from 2025-2026 for the MBA final-year program.

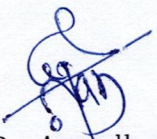

- A) To overcome the academic loss of the MBA students, the college has devised a scheme called "Carry On." This scheme allows students who have failed in some or all subjects or have not met the ATKT (Allowed to Keep Terms) requirements to seek admission in the final year for the session 2025-2026.
- B) For the session 2025-2026, students who have not fulfilled the ATKT rules, as defined in the college's regulations for MBA are given the opportunity to secure admission in the second year.
- C) The students should fill the admission form for seeking admission in final year in the session 2025-2026.
- D) Students interested in availing the Carry-On scheme must submit a hand-written application in favor of the Principal of the college expressing their desire to be admitted in the final year for the session 2025-2026. The application should clearly state the student's request for admission in the desired year and session. The application must include relevant details, such as the student's name, roll number, course, the name of the subject(s) in which he/she has failed in earlier semester and the reasons for seeking admission through the Carry-On scheme.
- E) The deadline for submitting the Carry-On application will be communicated by the college office. Late applications may not be considered and the college reserves the right to reject applications received after the deadline.
- F) The decision to grant admission through the Carry-On scheme will be based on the student's academic performance and overall suitability. The college administration holds the authority to make the final decision regarding admission under the Carry-On scheme.
- G) Students who are granted admission through the Carry-On scheme will be notified by the college administration. The notification will include instructions regarding the fee payment and any additional requirements for admission.
- H) The students must complete the necessary admission formalities within the designated time frame and students are also expected to fulfill all academic requirements, attendance regulations and any other obligations outlined by the college.
- I) Students who do not apply for admission through the Carry-On scheme will not be considered under this scheme. The college will not be held responsible for the academic loss of students who do not avail the Carry-On scheme.

- J) The final result of such students will be declared after clearing/passing all the subjects of all the semesters.
- K) These Direction No. 6 of 2025 will be automatically nullified upon completion of the second-year admissions of MBA program in the session 2025-2026.

The proposed changes were discussed and approved by all Boards of Studies (BOS) of the college, including both internal and external members, during their meetings held on 28-04-2025.

This Direction has been approved by the Academic Council of the college in its meeting dated 29-04-2025 and by the Governing Body in its meeting dated 29-04-2025

The Direction shall come into effect from the academic session 2025-2026 for MBA Programme.

Dr. Arundhati Ninawe
