About College

Govindram Seksaria College of Commerce was set up at Wardha, on **14th July 1940** under moving direction of **Shri. Jamnalal Bajaj**, the founder of Shiksha Mandal. It was the first single faculty commerce college affiliated to RTM Nagpur University, Nagpur and was inaugurated by **Shri. Sardar Vallabhbhai Patel**. It is the first college in India to provide Commerce Education in Hindi to make it convenient for learners. Inauguration of Hindi Medium by **Mahatma Gandhi** on **9th August 1945** is one of its major milestones. The college now offers education in Management Studies along with Commerce education up to Ph.D. level. The college has produced quality students who have excelled at National & International level due to its student centric culture, highly qualified teaching staff and splendid infrastructure.

About Women Cell

G. S. College of Commerce of Wardha endeavors to create a sustainable, equal opportunity environment conducive for all round development of the student fraternity of the college. The college strives to ensure that the Women members of the College Community should grow professionally and personally. The college is committed to provide the college campus safe and exploitation free for the girls of the college. The **Women Cell** is constituted in the college to help and maintain a harmonious atmosphere to enable the girls to pursue their study with dignity and reassurance in the year **2004**. Since its inception the cell performs the number of activities annually for the empowerment of the girls towards gender and social issues, health, career development and entrepreneurship development programmes.

About Samidha

Women empowerment has become the buzzword today with women working alongside men in all spheres. They profess an independent outlook, whether they are living inside their home or working outside. They are increasingly gaining control over their lives and taking their own decisions with regard to their education, career, profession and lifestyle. With steady increase in the number of working women, they have gained financial independence, which has given them confidence to lead their own lives and build their own identity. They are successfully taking up diverse professions to prove that they are second to none in any respect.

But while doing so, women also take care to strike a balance between their commitment to their profession as well as their home and family. They are playing multiple roles of a mother, daughter, sister, wife and a working professional with remarkable harmony and ease. With equal opportunities to work, they are functioning with a spirit of team work to render all possible co-operation to their male counterparts in meeting the deadlines and targets set in their respective professions. With the note of Women Empowerment, the **Women Cell** of the *G. S. College*, this year is coming up with ISBN NUMBER: - 978-93-5987-807-2 Book.
