From the Desk of Honorable Chairman

I heartily welcome this initiative of the College. It is the first newsletter from amongst our institutions. I congratulate the Principal and her editorial team for it. The newsletter showcases the varied academic and co-curricular activities of the college as well as our students' achievements. May the latter multiply. In future, I would suggest that one page be devoted to a thoughtful piece from a student on an important current issue, be it in commerce or otherwise.

We are committed to continual development. I thank the faculty, staff and students for their thoughts and energies in realizing this idea through their achievements. Our college has a legacy of values and achievements. Together we have to maintain and keep improving. As my boss for 32 years Shri Rahul Bajaj never stopped asking me, "what is your score today?" If we are mindful of this we will never atrophy, but remain young and energetic, forging new tomorrows.

With best wishes for the new year.

Sanjay Bhargava
